

# FY25-26 Bulla Milk Supply Agreement

## Bulla Standard Form MSA

### Statement of Circumstances

Bulla will enter into the Bulla Milk Supply Agreement with a supplier if the following circumstances exist:

1. The supplier has a current Dairy Food Safety Licence.
2. Bulla has not already met its total supply requirements for any of the months for the supplier's specific region for FY25-26.
3. The term of the Milk Supply Agreement is the period commencing on or after 1 July 2025 and ending on 30 June 2026.
4. The supplier complies with all mandatory legal requirements in relation to milk production and supply, including the environment and animal welfare.
5. New suppliers to Bulla are able to demonstrate a record of supply with less than a 1.8 peak (Sep-Nov) to trough (Feb-Apr) total milk solids ratio over the past two milk seasons.
6. New suppliers are able to contract for a minimum of 800,000 litres of milk.
7. Sufficient production capacity for a minimum daily milk collection of 500L.
8. The supplier is otherwise able to comply with the obligations set out in the FY25-26 Bulla Milk Supply Agreement.
